Warning

· Sealed product must be stored in dry conditions out of direct sunlight at ambient temperature ($\pm 25^{\circ}\text{C}$) for up to 12 months.

- It is not recommended to use after expiry date.
- Do not store near pesticides.
- This product is not harmful to humans and animals.

Although tested under a large variety of conditions, the registration holder does not warrant that it will be efficacious under all conditions because the action and effect thereof maybe affected by factors such abnormal climatic and storage conditions; quality and dilution of water; compatibility with other substances not indicated on the label, as well as by the method, time and accuracy of application. Furthermore the registration holder, does not accept responsibility for damage to crops, vegetation, the environment, or harm to man or animal, or for lack of performance of the product concerned, due to failure of the user to follow the label instructions or to the occurrence of conditions which could not have been foreseen in the terms of registration. Consult the supplier in the event of any uncertainty.
