

KENYA TEA MIX

BEFORE USING THIS PRODUCT READ THE LABEL CAREFULLY

A liquid micro nutrient complex for use as a foliar nutrient on tea to prevent or correct zinc, magnesium and copper deficiencies.

Inorganic Foliar Fertilizer

PRECAUTIONS:

Although this product is harmless to human beings, wildlife and fish, it should be handled with the same care afforded to all agricultural chemicals.

Do not combine with alkaline products such as Lime Sulphur or Bordeaux Mixture. Shake well before use.

DIRECTIONS FOR USE:

Use only as directed.
Kenya Tea Mix can be applied in combination with most commonly used pesticides as a foliar spray.

PRODUCT	DOSAGE / HA	COMMENTS:
Kenya Tea Mix	5.5 ℓ / ha	Apply during the rains after plucking. Product must be applied in sufficient water to ensure thorough coverage of leaf surface.

DIRECTIONS FOR SAFE DISPOSAL:

Invert empty container over the spray tank and allow draining for at least 30 sec after the flow has slowed down to a drip. Thereafter rinse empty container 3 times with a volume of water equal to at least 10% of that of the container and add the rinses to the contents of the spray tank before disposing of the container. Destroy empty container and do not use for any other purpose.
